

## Law School Group Student Instructions

1. Students must accept the invitation sent from the law school's group manager and connect their accounts (by logging in after accepting the invitation or creating an account after accepting the invitation).

2. If a student is new to Quimbee, the student should select the "I don't have a Quimbee account" option. If the student has already created a Quimbee account (even if it's inactive), the student should choose the "I am already a Quimbee user" option.

3. From there, students should log into their existing accounts or create their accounts and then click "Create account and join group":

## Sign up to join the group

To accept the group invitation and gain access to Quimbee, first create your account:

\* Required information

First name\*

Last name\*

Last name

Email\*

shannon+groupmember@quimbee.com

Password\*

\*\*\*\*\*

### Enter your law school information

Which law school do (or did) you attend?\*

Please make a selection

What is your law school graduation year?\*

Please make a selection

In law school, what type of program are (or were) you in?\*

Please make a selection

Create account and join group

**That's it! Once students complete this brief process, they'll have Quimbee access.**
